S/Steel Sink - SUS 304

Undermount Sink with Garbage Collecting S/Steel Basket

Large type drainage set (diameter 160mm) with stainless steel basket which has better effect of collecting garbage and easy cleaning.

Stainless steel colander tray (AD 30) is designed to fit into the bowl. It is not only a drainer for wet bowls and cups, but also a convenient tray for processing vegetables, fruit and fish.

You may need small sink bowl for simple job or double sink bowl for cleaning and rinsing. Extra sliding bowl (JSB 27) is provided for your convenience, made of stainless steel.

In addition to capturing water and returning it to the bowl, drainer tray (AC 200) is a convenient place for the drying of dishes, pots and cutlery.

Plastic colander tray (AC 201) especially designed for 510 mm bowl provides you extra space and function for your cooking and cleaning works.
